

**CLASSICAL, ROCK, POP, JAZZ.** Whatever music YOU want to play on whatever instrument YOU want to learn, the single most important thing is that music should be FUN! We at Bentley Music Academy are 100% dedicated to making music come alive through our motto:-

**PERFORMANCE FIRST!**

**Learning** any instrument is tough. It requires concentration, practise and commitment, but the rewards of making music with others make it all worthwhile. At BMA we've assembled the finest musicians and teachers in Malaysia to make that happen. Whether you're 7 or 70 it's never too early or late to start learning or to return to playing that instrument of your childhood.

**FIRST STEPS**

Come and visit us and take a tour of our impressive new facilities comprising 22 acoustically designed teaching studios, a recital hall and a 400 seat concert hall. One of our friendly and knowledgeable staff will then help you decide which instrument and teacher or class to choose and book you an assessment lesson with one of our highly qualified and experienced faculty at a convenient time. All our tutors have a minimum of a music degree, significant professional performance experience or both.

**FEES & EXAMS**

At BMA we encourage students to take exams (Associated Board for classical instruments and Trinity Rock School for contemporary studies, electric guitar, drums etc), but we don't believe that anyone should be forced into them. That's why our fees are based on the qualifications and experience of our teachers and NOT the grade or ability of the student. You select your grade of teacher; Masters, Senior or Standard and that's the fee you pay from then on. Pass grades 1, 5 or 8, it doesn't matter. Your fees stay the same.

**WHAT ELSE?**

Your individual lessons are just the start. Very soon you'll have the opportunity to play with other students and more senior players can audition for the senior orchestra, wind band or choir, all open to non students and who give regular concerts and recitals throughout the year. Why not also join a hand percussion class or enrol for one of our week long music camps held every December?

At Bentley Music Academy, the completeness of your musical education is assured. Whether you wish to go all the way to diploma level or just 'Rock 'em in the aisles' with your guitar, we can help guide you and steer you towards achieving your dream with passion, focus and above all, FUN! For full details on all our faculty, check out our website: [www.bma.com.my](http://www.bma.com.my)
